

BLLW B60b Pack 02 Readme

Built in the Late 1920's by the Pennsylvania Railroad's own Juniata Shops in Altoona PA, 550 of these cars were used as part of the Railway Express Agency car pole until the late 60's. Today, a few examples remain in varying states of condition. Some are restored, some about worn out

This package includes 6 different cars, each decorated in the PRR's Postwar Paint Scheme of Tuscan body, with Black roof, underbody equipment and trucks with PRR's standard gold lettering and REA Markings. All cars in this pack display their car type, owner, number and scheme in the naming line. Other sets also install into the same folder.

Installation

1. Run the exe
2. Make sure the installer is correctly pointed to your MSTC TRAINSET folder (Change accordingly if your Directory is not in the default place...)
3. Create a consist or consists to use any of the six cars, and enjoy.
